PSC to Hire Expert to Go Into Gas Rates

LITTLE ROCK (AP)—The Arkansas Public Service Commission will hire its own rate expert to determine whether Arkansas Louisiana Gas Co.'s recent increase in its minimum charge is justified, Gov. Orval E. Faubus said today.

He promised that if the increase is not warranted, it will be refunded.

Faubus made the surprise announcement in a prepared statement.

Asked if the move was inspired by protests against the increase, Faubus said, "I haven't received a great many protests in this office. I felt, and the commission felt, we want to know what the facts are."

Arkla boosted its minimum bill from \$1.10 to \$1.80 a month April 1 while the PSC was considering the proposed increase along with a companion offer to increase franchise taxes Arkla pays to cities on its integrated system.

Faubus said the commission would employ James Honaker of Frankfort, Ky., a utility rate expert, who worked with the PSC in an Arkansas Power & Light Co. rate case about five years ago.

Mr. Honaker has a great deal of experience in this field," Faubus said.

"We feel he will be a great deal of help. I can't judge myself and I doubt if the commission can judge whether the increase is justified without a thorough study."

Seven cities, including Pine Bluff and El Dorado, have filed protests against the increase and announced their intention to hire a rate expert to check Arkla's income.

"The commission will welcome the work or the assistance of the various towns and cities that are interested in the matter," Faubus said.

"If the rate increase is justified in full, it will be granted. If the facts reveal that only part of the increase should be allowed, that will be the finding of the commission."

"Should the commission find that none of the increase is justified, then the full amount will be denied and any amount already collected will be refunded."

Band to Stage Musical on Friday Night

A musical comedy is being presented at Hope High School auditorium Friday May 19, at 8 p.m. This is the first attempt at this type of show to be presented live and on stage in Hope for quite a number of years.

The eleven member cast is backed with a vocal chorus of thirty. All music is being furnished by the High school stage orchestra. The play is based on a musical comedy which involves misunderstandings between the faculty and the students.

"The band parents are hoping that in some way the play will make enough to help get the band in a financial position so that the band will be able to participate in the usual school activities next year."

Tickets are on sale and may be bought from any Junior or Senior band members. Adults one dollar and students fifty cents.

"Swinging High" is a very outstanding show—all talent in the show is taken from the Senior Band. All twelve musical scores are specially arranged by three of Hollywood's most famous musical directors for movies and television. The show is fabulous.

Redistrict Petitions Are Circulated

PINE BLUFF, Ark. (AP)—The home stretch of a drive to get 25,340 names on petitions to reter the 1961 redistricting law to a popular vote will be held in Pulaski and Jefferson counties.

This was the decision made at a meeting of 20 southeast Arkansas legislators and civic leaders who are pushing the referral petitions.

Lincoln Rep. G. D. Smith of Star City, chairman of the drive, told the group Monday night that only 13,618 names have been turned in so far but that petitions have about 5,000 more that have not been tabulated.

Still, he said, petitioners are going to have to work overtime before June 7 to secure the required number of signatures and get the proposal on the ballot. Petitions must be filed by June 8.

If they succeed, candidates for Congress will have to run at large in 1962.

State Sen. Knox Nelson of Pine Bluff suggested that the last three weeks of the campaign be centered in Pulaski and Jefferson counties because of the concentration of population.

He suggested using newspaper advertising to carry the appeal to more people.

If the group fails to get the measure on the ballot, the redistricting act will go into effect, slicing up the state's six districts into four districts and forcing four of the present congressmen to run against each other if they seek re-election.

Southeast Arkansans are protesting the act because it places Jefferson, Lincoln and Arkansas counties in the 1st District, made up predominantly of northeast Arkansas counties.

How Arkansas Lawmakers Voted

WASHINGTON (AP) — Here's how Arkansas members of Congress were recorded on recent roll call votes:

Senate
On confirmation, 63-17, of nomination of Julius C. Holmes of Kansas to be ambassador to Iran. For — Fulbright. Not voting — McClellan.

On passage, 43-36, of amendment to Mutual Defense Assistance Control Act so that economic aid under its provisions shall be open to any nation or area except Russia and Communist-held areas of Far East, if important to U. S. security. For — Fulbright. Against — McClellan.

House
On passage, 231-157, of bill to extend Mexican Farm Labor program for two years. For — Gathings, Mills, Trimble, Harris, Norrell. Not voting — Alford.

Faubus Links Bond Issue to Planned Lake

LITTLE ROCK (AP) — Gov. Orval E. Faubus Monday endorsed a proposed 18-mile long lake and park in Mississippi County and in doing so got in a plug for his proposed \$80 million construction bond issue.

Faubus said that if federal money is not available for the park, funds from his omnibus bill, which is also under fire, could be made available for parks if the bond issue is passed.

The state construction program, which has been vigorously opposed by several groups including the powerful Arkansas Education Association, must be approved by popular vote in a special election. Faubus has yet to set an election date.

George M. Reynolds of Morrilton, a member of the Arkansas Parks and Publicity Commission, said the project would cost about \$198,000 with the money going for two dams, a marina, golf course and airstrip.

A Mississippi County delegation, which called on Faubus seeking his support for the project, said the airstrip could be omitted if the project could proceed.

Faubus, in lending his backing, noted that eastern Arkansas has no recreational area and said that one is long overdue.

Part of the proposed facility is formed by the Mississippi River. A lake would connect with Mill Bayou.

In referring to the bond issue, Faubus partially re-opened a verbal feud with Forrest L. Zell, AEA executive secretary.

"This is one of those secondary needs that Rozzell is talking about," Faubus said.

"Rozzell wants all the money for public schools. My contention is there are other needs in the state besides public schools and they have to be met."

Would Okay Cotton Acreage Transfer

WASHINGTON (AP)—A bill to permit cotton farmers whose acreage was flooded out this year to transfer their acreage allotment to another farm in the same or adjoining county was introduced in the Senate Monday by Sen. J. W. Fulbright, D-Ark.

Each honor graduate will receive an honor medal. Other awards will be presented to deserving and outstanding students.

All senior parents are invited to attend.

Officials Talk Over Relief Areas

LITTLE ROCK (AP) — Gov. Orval E. Faubus and Frank B. Ellis, director of the U.S. Office of Civil Defense Mobilization, meet today to discuss possible disaster relief for parts of Arkansas damaged by recent storms.

After the meeting, Ellis returns to Washington to report to President Kennedy. The Arkansas Civil Defense Office, at Faubus' direction, asked Kennedy to designate Harrison and other weather-ravaged areas eligible for federal funds for restoring public facilities.

Others attending today's meeting were Robert E. Smith of Houston, Tex., a member of the President's Civil Defense Advisory Council; Welcome A. Wilson of Denton, Tex., OCM Region 5 director; J. B. Green, federal-state coordinator for Arkansas; Walt Jigenfriz, natural disaster director; and Gaines F. West, director of training, education and public affairs.

West Expected to Ask Ban on Arms to Laos

GENEVA (AP) — After four days' delay, the international conference on the future of Laos assembled today with the government of Laos boycotting the meeting.

By ARTHUR GAVSHON

GENEVA (AP) — The international conference on Laos opens today with the West expected to seek a ban on all arms shipments to the Southeast Asian kingdom in an attempt to solidify the shaky truce there.

The U.S., British, Soviet and French foreign ministers were reported to have reached tacit agreement to avoid raising issues that might put new obstacles in the way of negotiations in Laos between the warring factions for establishment of a single coalition government. So far the talks in Laos are still in the preliminary sparring stage.

The Western ministers at the 14-nation conference here reportedly planned to take up only the international aspects of a final settlement to create an independent, neutral Laos.

They were expected to work behind the scenes, however, to promote a political union of the three rival factions in the kingdom—the pro-Western Vientiane regime, the pro-Communist Pathet Lao and Prince Souvanna Phouma's self-styled neutralists, who share Soviet and Red Chinese backing with the Pathet Lao.

An American concession authorized by President Kennedy broke a procedural deadlock to clear the way for the opening of the conference, four days late.

The United States, after opposing seating of Pathet Lao delegates at the conference, gave in rather than have the conference collapse. The three big powers agreed all three Laotian groups would be admitted as advisers or observers.

There was still one holdout, the Western-backed royal government in Vientiane. Its chief delegate in Geneva, Interior Minister Leuang Insinsengmay, said he would boycott the conference because the Pathet Lao and Souvanna Phouma's representatives were also invited.

Nevertheless Britain and Russia, as co-chairmen of the conference, made plans to get the parley under way this afternoon regardless of Vientiane's attitude. The United States has decided to go to the conference table despite the boycott by the Laotian government, informants said.

The opening session will be devoted to speeches by Soviet Foreign Minister Andrei Gromyko and British Foreign Secretary Lord Home. U.S. Secretary of State Dean Rusk is scheduled to speak Wednesday.

AP&L Bonds Sold to One Firm

NEW YORK (AP) — Twelve million dollars worth of bonds the proceeds of which will be used to complete Arkansas Power & Light Company's new 325,000 kilowatt generating plant at Helena, will be sold to Merrill, Lynch, Pierce, Fenner and Smith Inc. The firm was successful bidder on the bonds Monday with an interest rate bid of 4.77 per cent. They are first mortgage bonds.

White House press secretary Pierre Salinger told newsmen no message is contemplated asking an increase in military draft quotas and wage and price controls.

Newsweek said Kennedy was planning to ask wage-price controls to combat inflation resulting from defense spending.

Active consideration will be given in Bangkok, high U.S. sources said, to a new plan for establishing a military presence of SEATO forces in Thailand. This would involve the stationing of small but well-equipped token forces from each of the eight SEATO nations in Thailand as a symbol of the readiness of the defense organization to act if called upon.

On the first three steps of his tour, the vice president made clear the Kennedy administration is determined to provide the fullest American support to countries willing to fight for preservation of their independence.

Johnson received no requests in South Viet Nam, the Philippines or Formosa for American troops. Instead he was told it would be a mistake to have Americans appear to be fighting Asians.

Korea Army Leaders Claim Full Control of the Entire Country

Deadline to List Unused Cotton Acres

Final date for release of unused 1961 cotton allotments has been extended to June 1, according to H. B. Gilbert, Chairman of the Hempstead County ASC Committee and such released allotments will be reapportioned by the county committee by June 8, 1961.

Extension of the dates, according to Mr. Gilbert was made by the ASC State Committee because of flooded conditions throughout the State and would not be considered a means of transferring allotments.

Any cotton acreage released to the county committee will be reapportioned to farms needing additional acreage taking into consideration the following factors; land, labor and equipment available for production of cotton, soil, and other physical factors affecting the production of cotton such as crop rotation practices and abnormal conditions of production.

Application for allocation of the released cotton acreage should be made in writing to the county ASC office and should include the reason for the request.

Farmers who have filed acreage reports have only until June 1, 1961 to file their intention to participate in the Feed Grain Program. All producers interested in this program should call at the county ASC office and file their contracts can be accepted after that date.

Foreign Aid Message Not Ready

WASHINGTON (AP)—President Kennedy told Democratic congressional leaders today that his foreign aid message to Congress will not be ready this week.

House Speaker Sam Rayburn said after the weekly White House session of Democratic leaders from the Capitol that he now expects it in about 10 days.

Both Rayburn and Sen. Mike Mansfield of Montana said Kennedy gave them no indication he plans to send a second State of the Union message to Congress.

Rayburn said Kennedy told the leaders a Newsweek magazine article saying there would be a second State of the Union message was "not according to the facts." Rayburn added that Kennedy did not have anything like that in mind.

"The story as carried is not accurate," Mansfield said.

White House press secretary Pierre Salinger told newsmen no message is contemplated asking an increase in military draft quotas and wage and price controls.

Newsweek said Kennedy was planning to ask wage-price controls to combat inflation resulting from defense spending.

Johnson in Thailand, Offers Aid

By SPENCER DAVIS

BANGKOK, Thailand (AP) — U.S. Vice President Lyndon B. Johnson came to this pro-Western nation today with a pledge of U.S. support for leaders worried by the advance of communism in neighboring Laos.

"We are determined to maintain adequate and responsible strength in the free world," the vice president said in an airport speech. "We will honor our commitments for the use of freedom. We will stand by our friends—none more so than you, the Thai people."

Johnson described his Southeast Asian tour as a "mission of purpose" for President Kennedy to consult with leaders in this part of the world and see what must be done to check Communist advances.

"Together we will press on toward our mutual goal—to educate our youth, to eliminate disease and to develop those resources with which this land of the free is so amply blessed," he said.

Talks have been arranged between Johnson and Thai leaders, who are seeking more U.S. military and economic aid.

Johnson was expected to respond with a pledge of more help to check the growing neutralist sentiment in Thailand fanned by Communist successes in Southeast Asia.

For one thing, Johnson reportedly will propose that small but highly trained and well equipped military units from each of the eight members of the Southeast Asia Treaty Organization be stationed in Thailand as a SEATO military "presence" in the area. They would constitute a warning of SEATO's determination to act militarily if called upon, sources close to Johnson said.

The vice president will stay 41 hours in Thailand on the fourth leg of the six-nation fence-mending mission he is making for President Kennedy.

That officials place high on their nation's most pressing needs:

1. More military assistance to bolster Thailand's armed forces who would be first on the firing line in the event of a Communist takeover in Laos and a major flareup.

2. More economic aid to help build up the country's depressed areas, particularly the poverty-stricken northeast region fronting Laos where the Communist danger is greatest.

The Communist military threat here is not as great as in South Viet Nam—first stop on Johnson's tour—but the Thais point out that unless safeguards are taken, it could happen here if Laos goes Communist.

Thailand's only defense commitments with the United States are through the Southeast Asia Treaty Organization. The ineffectiveness of SEATO in halting the pro-Communist Pathet Lao has brought deep disappointment here.

Active consideration will be given in Bangkok, high U.S. sources said, to a new plan for establishing a military presence of SEATO forces in Thailand. This would involve the stationing of small but well-equipped token forces from each of the eight SEATO nations in Thailand as a symbol of the readiness of the defense organization to act if called upon.

On the first three steps of his tour, the vice president made clear the Kennedy administration is determined to provide the fullest American support to countries willing to fight for preservation of their independence.

Johnson received no requests in South Viet Nam, the Philippines or Formosa for American troops. Instead he was told it would be a mistake to have Americans appear to be fighting Asians.

New Power Line Is Authorized

LITTLE ROCK (AP)—The Public Service Commission Monday authorized Arkansas Power & Light Co. to spend \$750,000 on a new power line between Stuttgart and DeVitt. The company will replace an existing 66,000-volt transmission line with a 115,000-volt line.

Pro-American Group Disolves All Assemblies

By C. S. CHIN

SEOUL, South Korea (AP)—The rebel military junta, defying American advice to pull in its horns, claimed full control over South Korea Wednesday.

Lt. Gen. Chang Do-Yung said his revolutionary committee has taken over all authority from the elected regime of Premier John M. Chang and has formally begun handling affairs of state. He made this announcement in a midnight broadcast.

The rebel junta, avowedly pro-American and anti-Communist, seized government buildings in Seoul, proclaimed martial law, ordered dissolution of the National Assembly and local legislatures, and established a 7 p.m.-5 a.m. curfew. It controlled Radio Seoul.

The broadcast by Gen. Chang, leader of the military group that spearheaded a pre-dawn coup Tuesday, came shortly after President Yun Po-sun had appealed to Premier Chang and his ministers for cooperation.

By radio, Yun urged the premier and his Cabinet "to come out as quickly as possible to bring the situation under control."

Yun's position is ordinarily that of figurehead leader of the nation, with the premier in actual command.

The U.N. Command and U.S. authorities in Seoul had quickly rallied to the support of Premier Chang.

Gen. Carter B. Magruder, commander of the U.N. and U.S. forces in Korea, called on the Korean military chiefs to see that lawful government authorities were restored to control.

The U.S. charge d'affaires, Marshall Green, said the United States "supports the constitutional government of Korea as elected by the people of this republic."

Gen. Chang said the objective of the coup was to rebuild South Korea and wipe corruption and incompetence from political circles.

Although the Chang government was established after last year's revolution, the general said, "the suffering of the people grew worse because of corruption and incompetence which was unchanged."

"Because of this incompetence and corruption, the time had come to stop watching it and we have dared to rise up," he said.

"I ask the people to understand this fully. Therefore, when the revolutionary objectives can be realized, we will without delay turn back power and return to our normal military duties. This I make clear."

The general called on the people to beware of possible action by the North Korean Communists. He asked for cooperation "so that the anti-Communist stand of the revolutionary committee will be upheld."

The whereabouts of Premier Chang was undetermined.

Earlier the military committee had proclaimed Chang and his cabinet would be placed under arrest.

American authorities in Korea demanded that control be returned to Chang's elected regime.

Backed by tanks, heavily armed infantry, marines and paratroops swept into Seoul at 4 a.m. and seized control of government buildings. Within a few hours the leaders of the coup claimed control of the country.

Local newspapers said five or six national policemen were killed in a clash on Seoul's outskirts when they opposed the pre-dawn entry of coup forces into the capital. Otherwise only scattered shooting was heard in Seoul, and there were no reports of other

Final Rites Today for Gary Cooper

By JAMES BACON

HOLLYWOOD (AP) — Gary Cooper will be buried today, and many a movie fan throughout the world will feel like shedding a tear — they always do when the good guys go.

More than 100 policemen are assigned to handle a crowd expected in the thousands. The public will not be admitted to the Roman Catholic Church of The Good Shepherd in Beverly Hills.

The 505-seat church won't even hold all of Cooper's personal friends. No man was a stranger to Cooper.

His widow, fearful of riotous Hollywood funerals of the past, asked the public to grant the 50-year-old star a dignified funeral.

Rt. Rev. Msgr. Daniel Sullivan, the priest who was with Cooper at his death, will sing the solemn requiem mass. The Mitchell Boys Choir, a favorite of Cooper's, will be in the choir loft.

Cooper died Saturday after a battle with cancer that was a marvel of courage — even for the screen's most fearless hero.

Rosary was recited Monday night for Cooper, who converted to Catholicism in 1959. Only a handful of his closest friends, plus his family, were at the private rites at a mortuary chapel.

The widow and their daughter, Maria, 24, contained their grief in the strong, silent Cooper tradition.

As Cooper's final day came, a revealing insight on the tall American's character came from a close friend, producer Jerry Wald.

"Coop, although he knew he was dying, wanted to set the record straight on the Old West," Wald said.

That is why Cooper's last professional appearance came on a March 29 television show — only six weeks before his death.

The show was "The real West," a critically acclaimed saga on NBC-TV's Project 20 series.

On the show, Cooper defended the screen's right to glorify the Old West, but added: "That doesn't give us dramatic license to knock down humanity. There's no excuse for that."

I remember Coop once telling me that "High Noon," for which he won his second Oscar, was an unbelievable story.

"No town, no matter how small, would ever have turned all coward because of a couple of bullies," he said.

"The West was built by men — and not all of 'em were gunmen."

Can Contract for Mexican Workers

LITTLE ROCK (AP) — Today is the first day farmers can begin contracting for Mexican nationals as extra hands for this year's cotton chopping, Arkansas Employment Security Division officials said.

Requests for bracero laborers must go through the ESD.

The state's quota for Mexican field hands is 5,895 this year, more than in any year except 1956 and 1960.

J. L. Bland, ESD administrator, said initial allotments of braceros included 3,443 for the Blytheville-West Memphis-Forrest City area, 1,800 for the Jonesboro-Newport-Paragould area and 1,800 for the Helena area.

Country Club Bldg. Gutted By Fire

NORTH LITTLE ROCK (AP) — Fire today gutted the main clubhouse of the North Hills Country Club, several miles north of here on Highway 5.

Club officials estimated damage to the rock structure at more than \$100,000.

Cause of the fire, discovered in mid-morning, was not determined. No one was injured.

Interior of the clubhouse had been remodeled recently. New wood paneling and carpeting were installed.

The club was formed some 30 years ago the Sylvan Hills Country Club.

The clubhouse suffered a disastrous fire in the early 1930s and the club did not operate for a number of years.

The North Hills Country Club took over the property in the mid-1940s and rebuilt the club house.

Jobless Claims Drop in May

LITTLE ROCK (AP) — Claims for unemployment insurance benefits in Arkansas dropped 6.2 percent during the week ended May 6 over the previous week.

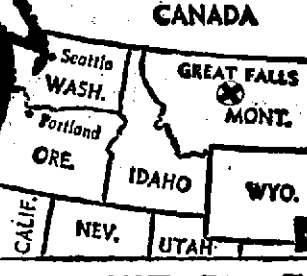

J. L. Bland, Employment Security Division administrator, credited fair weather with the decline. He said construction and other outdoor work was speeded up.

Housewives trying to convince their husbands they aren't squandering family savings at the market can throw this at their hubbies. An economist recently found an adequate diet can be prepared for a person at the cost of only \$100 a year. Bond Fight Decision Is Modified

LITTLE ROCK (AP) — The Arkansas Supreme Court Monday modified a bond forfeiture decision for Stockton Van Buren Darnelle, a member of the west coast Hornburg gang, who was shot to death by FBI agents April 12 in Portland, Ore.

The off-arrested Darnelle was charged last year with burglarizing a Brookland, Ark., post office and grocery store. He and another man, Ted Paul Lavelle, were to come to trial Nov. 14 in Circuit Court in Jonesboro.

Darnelle was released on \$15,000 bond, posted by the Central Casualty Co., and flew to Seattle, where a sister lived.

On the day of the trial, foul weather over the nation held up airline schedules and made Darnelle several hours late arriving in Jonesboro.

Circuit Judge Charles W. Light ordered his bond forfeited, but when Darnelle turned up, the judge set aside half, \$7,500. Lavelle didn't show up at all and his bond forfeiture case is still pending.

Darnelle and his bonding company appealed to the Supreme Court and Darnelle returned to the West Coast to await his bond forfeiture trial.

A bank was robbed near Seattle and two members of the Hornburg gang were sent to prison. The gang was so called because its members wore homburg hats in robberies.

The FBI began looking for Darnelle, too, and found him in a Portland motel. He wouldn't answer the door, and agents broke in just as he drew a gun. One of them shot him to death.

Monday the Arkansas Supreme Court reduced to \$750 the bond

Has Few Good Words for Some Shows

By CYNTHIA LOWRY
AP TV/Radio Writer

NEW YORK (AP) — In his strongly-worded speech the new chairman of the Federal Communications Commission, Newton N. Minow, lambasted television programming, deploring the "relentless search for the highest rating and the lowest common denominator."

Although he struck at the "process" of situation comedies, action-adventure, quiz and variety programs, Minow last week did pat a few shows on the head.

Among them were "CBS Reports" and NBC's "The Nation's Future," both public affairs programs which he called "marvelously informative."

Ironically, neither "CBS Reports" nor "The Nation's Future" has found a steady sponsor.

Last month, the network offered its "CBS Reports" on Carl Sandburg at Gettysburg to 200 affiliated TV stations. The program was broadcast by 114.

"The Nation's Future" is available to all 197 of NBC's affiliated stations. At last count, 97 were putting the program on the air.

Sponsored programs, where an advertiser orders up a specific lineup of stations, do considerably better. CBS' Doug Edwards With the News program has a lineup of about 185 stations. NBC's Huntley-Brinkley Report reaches 161 TV stations.

Obviously, one of the big problems in uplifting TV is to find a way to persuade the local TV stations to use some of the better-grade unsponsored — thus unprofitable — material available.

"Whispering Smith," NBC's new Western series, made its debut Monday night with a switch: The heavy was a woman. Of course there was also the usual number of fast draws and bar-room brawls, but the high spot came when the vengeful mother horsewhipped the son she trained to be a killer.

Audie Murphy, the World War II hero, stars as the soft-voiced lawman of the title, and singer Guy Mitchell plays his pal.

Recommended tonight: "Emmy Awards" Show, NBC, 10-11:30 (Eastern Daylight Time) — with Dick Powell and Joey Bishop as hosts.

Pulaski Declared Disaster Area

WASHINGTON (AP) — Pulaski County, Ark., was declared a disaster area Monday by the Small Business Administration as the result of an April 25 windstorm.

The designation enables home owners, businesses, churches and charitable institutions to secure 20-year government reconstruction loans at three per cent interest.

Optimism Is Style Now In Business

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Optimism is in style again today in business circles. It is running as high as pessimism was six months ago.

The critical second quarter of 1961 has crossed the halfway mark with most—but not all—of the basic factors in the economy behaving as hoped. First reports on April—which we were told was the month to watch—are coming in. And economists and politicians alike are reading all kinds of things into them. Such as:

The recession has bottomed out on schedule and recovery has started in due course—but slowly.

Or, the rebound will be sharper than first expected—and faster than is usual after a mild recession such as the late one was.

Or, the trend is upward but much of it is seasonal with the underlying strength probably there but still to be proved.

Or, look at the soft spots: unemployment is high and sticky; home building, lags in spite of easier money conditions; retail trade fell last month while production was rising; international tensions make many business operations uncertain.

But the optimists have it. And now they have some firm figures to toss at you, rather than just expectations and interpretations of signs.

The industrial production index rose 2.5 per cent in April to 105—with the 1957 average the base of 100. If the Federal Reserve Board still used the previous base of the 1947-49 average, the index would now be around 160. This measurement of activity in factories, mines and utilities gives our best picture of the economy outside the service and retail areas.

The government's Business Advisory Council thinks the index should rise to 110 in the final months of the year. The peak was 111 in January 1960.

The total dollar volume of all goods and services produced in the first three months of the year was at an annual rate of just under \$500 billion, the low for the recession. The council expects this to rise to \$520 billion by year's end.

Translating that into every day terms of business and consumer life, you can look for a greater total of personal income. And after taxes have been paid and the essentials of life purchased, many consumers will have more disposable income to spend on other than the bare necessities.

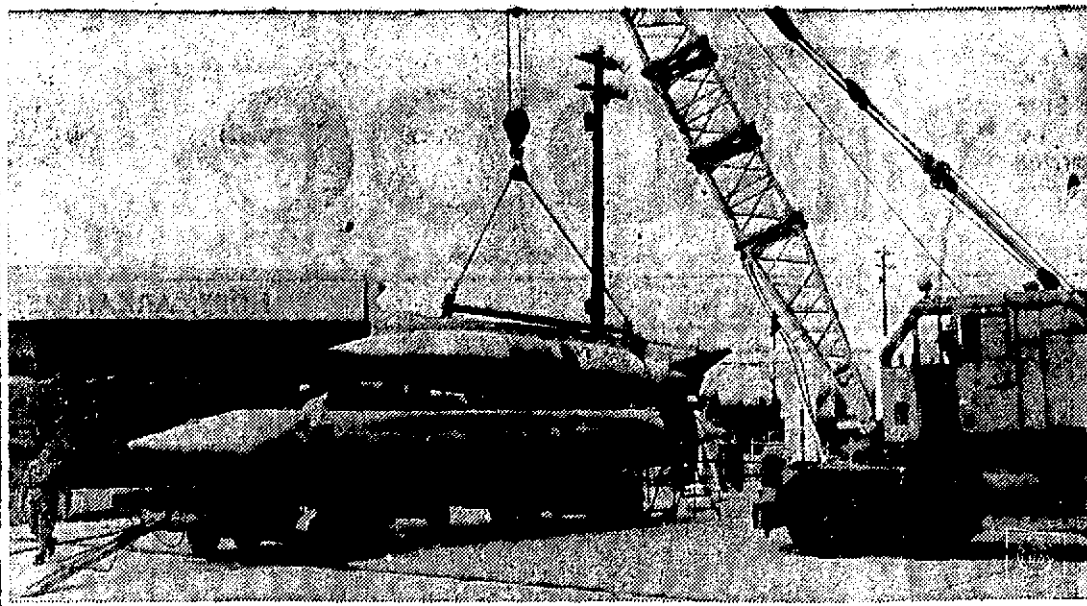

Already the average factory work week is lengthening as industrial output quickens. This means more take-home pay.

Rabbi Honored For 35 Years

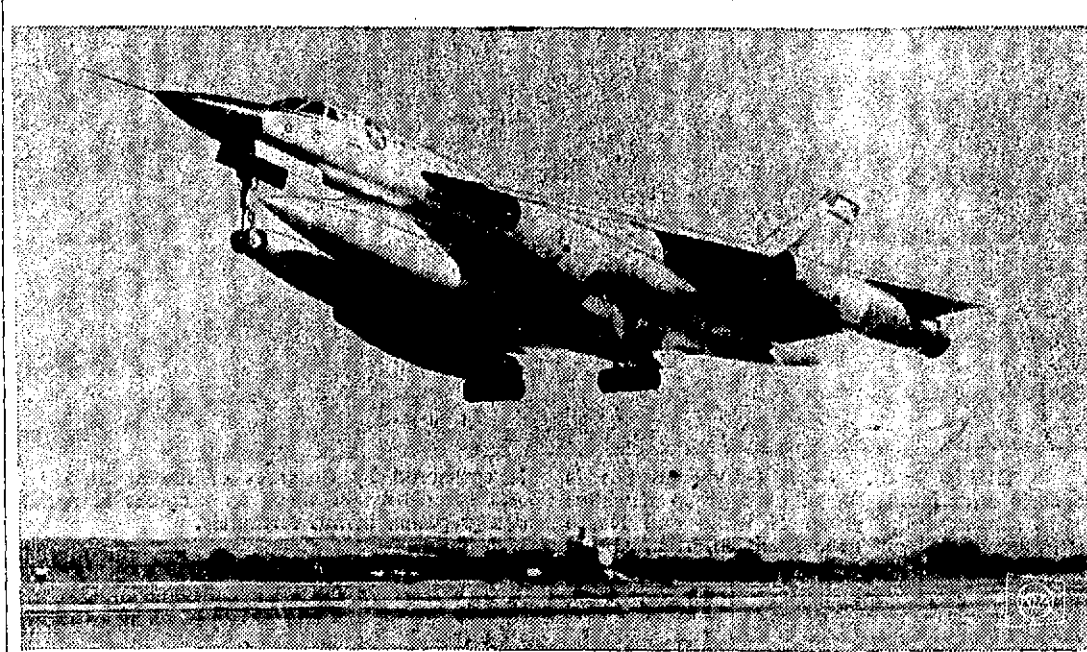

LITTLE ROCK (AP) — The congregation of Temple B'nai Israel honored its rabbi, Dr. Ira E. Sander, Monday night for 35 years of service. At a dinner at a downtown hotel they showered him with tributes and added a cash gift. One of the speakers, Dr. R. D. Adams, pastor of the First Presbyterian Church here, said humorously, "Ira Sander is almost good enough to be a Presbyterian." He drew the biggest laugh of the night.

Controls Program

LITTLE ROCK (AP) — The attorney general's office ruled Monday that the state Liquified Petroleum Gas Board has control over its own building program, clearing the way for the board to buy a site near the State Capitol for its offices.

MATING GAME—A missile being raised into firing position? Not quite. The torpedolike object at the end of the crane is one of two pods carried in the underbelly of a B-58 Hustler bomber. The smaller one, designed to carry a nuclear bomb, is being mated to the larger one which carries fuel. Both will then be attached to the bomber.

RECORD MAKER—One of the fastest aircraft in the world, a B-58 Hustler jet bomber takes off at Convair's Fort Worth, Tex., plant. Hung between the long storklike legs is a new two-in-one pod which carries both fuel and a nuclear bomb. An Air Force Hustler recently set several new world speed records, hitting over 1,200 m.p.h.

Court Reverses Conviction

LITTLE ROCK (AP) — The Arkansas Supreme Court Monday reversed the assault with intent to rape conviction of Bobby Simmons and Larry Flippo in White Circuit Court because the prosecuting attorney said in his final argument that Flippo had previously raped another girl.

Justice Jim Johnson wrote that no evidence to that effect had been presented and the statement was prejudicial.

Simmons' sentence was suspended and Flippo was given an 18-month prison term. A new trial was ordered.

Pay TV Wrangle Set by the PSC

LITTLE ROCK (AP) — The Public Service Commission has scheduled another hearing for June 1 in the wrangle over whether the Southwestern Bell Telephone Co. should provide transmission cables for pay television in Little Rock.

The PSC set the next hearing date Monday after taking under advisement a motion by two groups of Arkansas theaters who say the Federal Communications Commission has jurisdiction in the case instead of the PSC.

The theater owners are trying to block pay television. The telephone company wants Midwest Video Corp., the pay television company, to pay for its own transmission lines.

A Midwest attorney said Monday that the telephone company couldn't be selective about whom it serves.

Midwest told the PSC it would put pay television initially in about 16,000 Little Rock homes if the telephone company is told to put up the lines.

Ruling Doesn't Apply to Aid Jobs

LITTLE ROCK (AP) — The attorney general's office has ruled that a 1961 state law giving Arkansas contractors preference over out-of-state contractors, in bidding does not apply to federal aid projects. The opinion went to state Sen. Ellis Fagan of Little Rock and Earl S. Smith of Jonesboro, attorney for trustees of Arkansas State College. The college is working on a woman's dormitory, a federal aid project.

casualties. No disturbances were reported from other cities or from the countryside.

The whereabouts of Premier Chang, 62, could not be learned, but unconfirmed reports said he and his cabinet were under arrest.

The revolutionary committee directing the coup was headed by the army chief of staff, Lt. Gen. Chang Do-young, 38. The other members were the chiefs of the air force, marines and navy.

The junta said its aims were to strengthen the nation's anti-Communism, wipe out corruption, improve the economy and continue close relations with the United States. It said "fresh civilian politics can start" when the revolution is completed.

But U.S. Charge d'Affaires Marshall Green and Gen. Carter Magruder, U.S. Commander of U.N. forces in the country, were blunt in their opposition to the coup.

"I wish to make it emphatically clear," said Green in a statement, "that the United States supports the constitutional government of Korea as elected by the people of this republic."

Magruder said he expected the chiefs of the Korean armed forces—who are under Magruder's operational control as part of the U.N. force—to "use their authority and influence to see that control is immediately turned back to the lawful government authorities and that order is restored in the armed forces."

With U.S. military and economic aid still a major bulwark for South Korea's existence as a nation, the strong American expression of support for Premier Chang was expected to be a key factor in the final outcome of the coup.

Unforgiving Mother Seeks Peace of Mind

By HELEN WORDEN ERSKINE

Dear Helen: I am one of those mothers whose daughter got into trouble. It all came from her going steady.

We didn't approve of that or of the boy. The baby was put out for adoption. Only we, the parents, our daughter and the doctor know about this.

I love my daughter but I could kill her for hurting us all. How can I find peace of mind? She says God has forgiven her and I just don't want to forget. I would like to make her happy. Is there a book I could read before I ruin my own health and hers? —DIS-TRAUGHT MOTHER

Dear Distracted Mother: Forgiveness is God's way of erasing the wrong-doing of others from

our consciousness. Read the New Testament, especially the 12th Chapter of St. Mark, 25th and 26th verses, in which Jesus says: "And when ye stand praying, forgive —" Do not withhold forgiveness from your daughter. Being human, we all have at some time in our lives, the need to be forgiven.

Dear Helen: My sister had a big church wedding and didn't ask our mother. She used to call me up. Now, no more. Mother says not to call her. My sister is going to have a baby and still doesn't call mother. How can I help them to be friends? —HAPPY SIS

Dear Sis: There must be some deep-seated cause for this unnatural antipathy between your mother and sister. Go see your sister, find out the reason for the break and amend it, if you can. It's worth the try. Blessed is the peacemaker.

Man Shot to Death By Wife

JONESBORO, Ark. (AP)—Lloyd Bogard, 22, was shot to death at his home near here today and officers arrested his 18-year-old wife.

Sheriff Lonnie Cooper said one of the couple's three young children witnessed the shooting.

Bogard was struck in the left side and chest by a blast from a 410 shotgun, Cooper said. The officers said the wounded man stumbled out the back door of the house and was running down a road when he fell dead.

Cooper said a first degree murder charge would be filed against Mrs. Bogard.

He said the couple had been having "family trouble."

Bond Campaign Drive Started

LITTLE ROCK (AP)—The campaign backing Gov. Orval Faubus' proposed \$60 million construction bond issue gets underway today with the opening of headquarters here.

Heading the drive are Arnold B. Sikes, Faubus' executive secretary who Monday took a leave of absence, and Harold Ollendorf of Osceola, president of the Arkansas Farm Bureau Federation.

Barge Service for Arkansas River Asked

LITTLE ROCK (AP) — Jet-powered tugboats pulling strings of 10 barges can be playing the Arkansas River "tomorrow" if the Interstate Commerce Commission approves the Arkansas and Oklahoma Barge Line's application for a license.

So said Mike Meyer of Van Buren, who with three other incorporators formed the line to run shallow-draft, jet-propelled towboats from Muskogee, Okla., to Greenville, Miss., without waiting for the Corps of Engineers to finish a nine-foot river channel project.

Meyer said the line has experimented with the boats and they do not need a deep channel because they draw only 18 inches of water. If they run up on a sandbar they reverse their jetstream to disintegrate the obstacle, Meyer said.

The A&O application with the ICC was the first application for a common carrier barge line on the river, Meyer said. It was accompanied by a request for a hearing in Fort Smith as soon as feasible.

Meyers said the line would be a year-round operation with a proposed minimum schedule of twice a month. The towboats can pull 10 100-ton barges, he added.

"This means we can give the Arkansas Basin the benefit of river freight rates now," he said.

The nine-foot channel is necessary for regulation barges because of the necessity for propellers, shafts and rudders.

He is in partnership with Barney B. Holland of Fort Worth, John R. McConnell Jr. of Fort Smith and Bruce H. Shaw of Fort Smith.

Police were convinced the station wagon was the one stolen by Norman Porter, 21, after his break from jail with Edgar W. Cook, 48.

The car was far off the main highway and was out of sight of passing motorists.

Victim of the killing was David S. Robinson, 53, head of the jail nearly 10 years.

Robinson had accepted Sunday duty to permit his deputies to be off Mothers Day.

Tuition Pay Ruling Is Still Same

WASHINGTON (AP) — The Supreme Court today refused to review a decision that tuition payments to Roman Catholic parochial schools by a Vermont school board are unconstitutional.

This means that a decision by the Vermont Supreme Court banning such payments is permitted to stand unchanged.

The highest tribunal announced its action in a brief unsigned order. It merely said the request for a review was denied.

The Vermont Supreme Court made its decision on a challenge of such payments by the South Burlington Town School District. The challenge, by a group of taxpayers, was that the practice violated the prohibition in the U.S. Constitution's First Amendment against government help to religion.

The Vermont court held that since the Catholic Church controls and supports the parochial schools, the intertwining of religion with education was such that government cannot aid the schools.

ENTERTAIN FOR POULTRY FESTIVAL

LITTLE ROCK — Recording stars Jane Morgan and Bob Crosby will be featured entertainers for the 2nd annual Arkansas Poultry Festival dinner to be held June 10 in Robinson Auditorium. Dinner music will be provided by Teddy Phillips and his orchestra. The dinner program also will include crowning of a new State Poultry Princess, who will represent Arkansas in the Miss Universe Contest. Over 500 persons are expected to attend the gala celebration of the state's poultry industry.

Man Sought for Slaying Warden

CAMBRIDGE, Mass. (AP) — Police surrounded a woodland area miles from Cambridge in a concentrated manhunt today for two accused killers who broke out of Middlesex County Jail Sunday after killing the warden.

Under orders to shoot to kill if necessary, state and local police raced to Lincoln, a quiet suburb, after a stolen station wagon was found hidden in dense woods.

Police were convinced the station wagon was the one stolen by Norman Porter, 21, after his break from jail with Edgar W. Cook, 48.

The car was far off the main highway and was out of sight of passing motorists.

Victim of the killing was David S. Robinson, 53, head of the jail nearly 10 years.

Robinson had accepted Sunday duty to permit his deputies to be off Mothers Day.

Population Up Three Million

WASHINGTON (AP) — The nation's population has increased by about three million since the house-to-house census in April 1960.

The Census Bureau estimates today that the total population excluding service personnel stationed abroad, was 182,269,000 on April 1, this year. The 1960 count a year earlier was 179,321,750.

The total population including the armed forces abroad on April 1, 1961, was estimated at 182,952,000. The estimate for April 1, 1960, was 180,004,000.

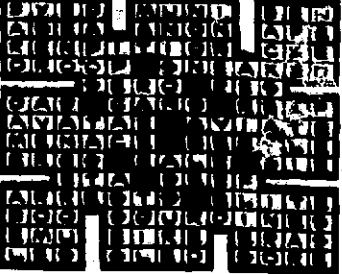

Bids Taken on Building Lake

LITTLE ROCK (AP) — The V. K. Ingram Construction Co. of West Memphis has submitted a parent low bid of \$112,529.95 for construction of the 700-acre Dickerson Creek Lake four miles southeast of Harrisburg.

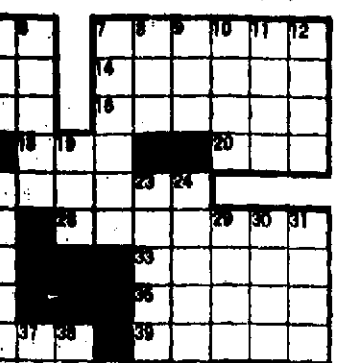

Apparent low bidder on another fishing lake project, Lake Greely near Brinkley, was the V. K. Construction Co. of Lake Village. Its proposal was \$59,910.29.

Twins Make It Four in Row, Climb to Third

By ED WILKS
Associated Press Sports Writer

Camilo Pascual, after losing three straight, pitched a four-hit shutout Monday night as Minnesota beat the Chicago White Sox 5-0. It was the fourth in a row for the third place Twins, who moved within one game of idle, second place New York in the American League race.

The Detroit Tigers padded their lead to three games by beating Baltimore 10-5. Cleveland rapped Boston 13-2, behind the three-hit pitching of Mudcat Grant, and Kansas City, with Joe Gordon managing from the press box, defeated the Los Angeles Angels 5-3.

In the National League, first place San Francisco romped 4-1 over the Chicago Cubs for a two-game lead over the Los Angeles Dodgers, who lost 7-5 to Milwaukee. The only other game scheduled, St. Louis at Pittsburgh, was rained out.

Harmon Killebrew, after going 0-for-4 in Sunday's game against the Angels, had two of the Twins' eight hits. Cal McLish (2-3) was the loser.

The Tigers tagged 15 hits at Baltimore and broke a 3-3 tie in a five-run seventh inning, with Dick Brown driving in two runs. Dick Hall (1-2) was the loser. Right-hander Paul Foytack (2-2) allowed 11 hits, one a homer by Whitey Herzog.

Jim (Mudcat) Grant, a right-hander, didn't allow a hit until Red Sox rookie Carl Yastrzemski hammered a two-run homer in the fourth inning. But the Indians had backed Grant (2-0) with a six-run second inning. Ted Wills (1-2) lost it after coming on in the first when starter Tom Brewer suffered a shoulder injury.

When the A's loaded the bases on walks in the eighth inning, pinch-hitter Lou Killebrew came through with a tie-breaking single. Lefty Bud Daley (4-4) was the winner with reliever Ted Bowsfield (0-1) the loser.

Flooded by Rain

SIKESTON, Mo. (AP) — A violent wind and rain storm that ignored other towns in this area unloaded 1.20 inches of water on Sikeston in less than 45 minutes Sunday afternoon.

Wind gusts of up to 50 miles an hour toppled many trees and blew out the plate glass window of a filling station. Power failed briefly.

tion plan was approved last Friday by Federal District Judge J. Smith Henley. One Negro first grader now is attending the school.

More Specialists Going to Viet Nam

WASHINGTON (AP)—The United States is sending more anti-guerrilla specialists to help train the 150,000-man South Vietnamese armies to deal with Communist hands infesting that country's jungles.

Officials said today the U.S. instructors, like others before them, undoubtedly will work with South Vietnamese troops in areas of combat, but will not fight.

A 685-man U.S. Military Assistance Advisory Group has been in Red-throated South Viet Nam for some time.

Like the new team, many members of this group were drawn from the Army's special forces. These are units intensively spokesman said the planes used by the "Thunderbirds" are equipped with devices for emitting heavy smoke in their maneuvers.

Bowling's Thanks

Editor The Star: The Emmet Bowling Association wishes to take this opportunity to thank and express our appreciation to the Hope Star and the staff for the excellent pictorial coverage you gave of our first annual championship bowling tournament.

In addition we also wish to thank you for maintaining the weekly team standings of the various leagues each week in your fine publication.

Bowling is a creditable sport and a method of exercising and relaxing after a difficult and trying day on the job. We extend to you an invitation to become a member of our organization and to take part in the fun and good sportsmanship you will find there. Very Truly Yours,

Osceola Man to Head Bond Drive

LITTLE ROCK (AP)—A drive to gain popular approval of Gov. Orval E. Faubus proposed \$60 million construction bond program will be headed by Harold F. Ohlendorf of Osceola.

Ohlendorf, president of the Arkansas Farm Bureau, verified Saturday that he would head the movement, and said Faubus' executive secretary, Arnold B. Sikes, would be in charge of a soon-to-be-opened Little Rock campaign headquarters.

The bond program must gain voter approval at an as yet unscheduled special referendum.

Ohlendorf said the governor would set the election for early this summer.

If the bond issue is approved, construction funds would be provided for a number of state institutions, including the University of Arkansas, the seven state-supported colleges, the State Hospital, Arkansas Children's Colony and the Deaf and Blind Schools.

Plane Crash Is Only a Report

BALD KNOB, Ark. (AP)—Practice maneuvers by the Air Force "Thunderbirds," a flying team, apparently touched off a report of a plane crash near here this morning.

Search parties sent to the area reported finding no wreckage and officials were inclined to attribute the report to the training operation.

The "Thunderbirds" — flying five F100 Supersabres — are to appear at an air show at the Little Rock Air Force Base Tuesday.

A man reported he thought he saw a plane crash northwest of this White County town.

Goose Plays This One Straight

KANSAS CITY (AP) — Reece (Goose) Tatum, veteran clown of Negro basketball teams, played it straight in U.S. District Court Monday.

Tatum, formerly of El Dorado, Ark., did not contest a misdemeanor charge of failing to file income tax returns for 1956 and 1957.

Government attorneys said Tatum, 39, filed returns in 1958 and 1959 but didn't pay taxes.

They said Tatum earned about \$130,000 during the four years, and owed \$118,000 in taxes and penalties.

"It may be that he earned the money," Judge Richard M. Duncan said, "but somebody else got it. It looks like this man's skill may be primarily confined to his hands and feet. He may need a manager or a guardian or maybe both."

The judge ordered a presentence investigation and set another hearing for June 16.

YEAR-ROUND HOUSEBOAT LIVING NO PROBLEM
By WM. TAYLOR MCKEOW

Newspaper Enterprise Assn.
ST. LOUIS, Mo. (NEA) — The biggest problem in living aboard a boat during a northern winter, a house-boating couple tell me, is not to keep warm but to explain to their friends that they're not crazy.

The late sun had been slanting cold yellow across a frozen inlet of the Mississippi as I walked out on the dock to their houseboat home locked in the ice, but inside a hot pine log was snapping in the fireplace.

"This is our second winter afloat," Fred and Janet explained. "And we're still warm, healthy, and completely sold on year-round boating. But if you quote us please don't mention our last name. We'll start getting phone calls from landlubbers again during the next cold spell, wanting to know if we're still all right."

Their boat's name however is Suzy, because they thought it sounded right for their 38-foot home. She has a broad beam of 14 feet, needs only two feet of water to float her flat bottom, and has a large living room cabin, small bedroom, galley, and bathroom with both tub and shower. She can sleep four comfortably, six easily if cot bunks are added, and once had 12 sacked out on floors and top deck after an all night summer party.

"That was while we were moored down in the city before we moved up country here and our baby Joan arrived," Fred told me. "Janet was still working and we both walked to work from our slip. But we got a good deal of wake there from passing riverboats, and we also ended up with a pretty strong backwash of parties from the office. Entertaining is fun but expensive, and we had originally bought Suzy to save money, before we found what fun she could be as well."

"Heating is no problem since we claimed Sanders' wife walked all 81 holes with him at Fort Worth. The PGA can fine and suspend a player who enters a tournament, then doesn't play."

\$20,000 Spa Golf Meet Underway

HOT SPRINGS, Ark. (AP) — About 85 professionals and 14 amateurs begin shooting practice rounds today for Thursday's first round in the \$20,000 Hot Springs Open golf tournament.

The last four amateurs were selected Monday from a field of 18. Ten amateurs are invited, and a playoff is held for the other four berths.

Sam Spikes of Little Rock led the field of 18 with a one-under-par 71. Others qualifying Monday were Sam Love of Shreveport, 72; Steve Creekmore Jr. of Fort Smith, 73; and Jackie Rivers of Monroe, La., 74.

The 10 amateurs invited to play are Ted Darragh, Bill Henry, Charles Lewis III, Sonny Methvin, Billy Joe Denton, Glenn Fowler, Sugg Wilson, Ken Lanning, Dick Moegele and Don Cherry.

Bill Collins, who already has won \$10,000 on the pro tour this year, will defend his title.

The 72-hole tournament is planned with 18-hole rounds Thursday through Sunday. Last year one session was rained out, forcing the golfers to double up on the last day.

Joe Miller, tournament chairman, said most of the pros were in town Monday and most had gone fishing. "That's the usual thing when they blow in here," he added.

J. Edwin Carter, PGA tournament director said he may seek some sort of action this week in an important PGA meeting in Hollywood, Fla., for Doug Sanders' dropping from the Hot Springs meet.

Sanders said after winning the \$40,000 Colonial at Fort Worth Sunday that he would not compete at Hot Springs, although he already had committed himself. He said he would take his wife to Mexico for a prescribed vacation.

Carter said he was not completely satisfied with the situation.

Mathews Hits Two, Braves Beat Dodgers

By ED WILKS
Associated Press Sports Writer

Ed Mathews, after hitting just the home run in Milwaukee's first 21 games, belted a pair for a total of five in four games Monday night as the Braves defeated Los Angeles 7-5, handing Johnny Podres his first defeat. That dropped the Dodgers two games behind San Francisco in the National League race. The Giants whipped the Chicago Cubs 14-1.

The only other game scheduled in the NL, St. Louis at Pittsburgh, was rained out.

In the American League, Detroit upped its lead to three games over idle New York by beating Baltimore 10-5. Minnesota trimmed Chicago's White Sox 5-0. Cleveland battered Boston 13-2 and Kansas City defeated the Los Angeles Angels 5-3 in the only other games scheduled.

Law Burdette (3-1) won two in a row for the first time this season — and also drove in three Braves runs with a single and his first home run of the year. It was the eighth straight success in the Coliseum for Burdette, who gave up seven hits.

Wally Moon, retaining the NL bat lead at .384, tripled and scored the first run for the Dodgers by stealing home with two out in the second inning. Charlie Neal hit a two-run homer in the fifth.

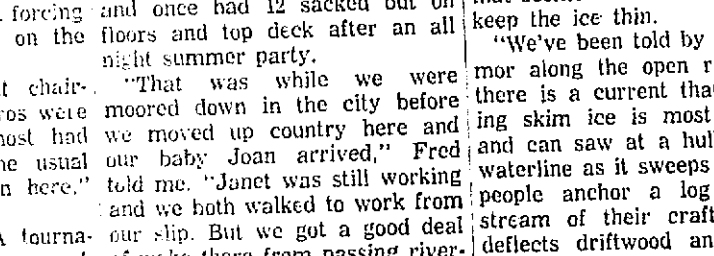

The Braves wrapped up in six innings, chasing Podres (5-1), who had won seven in a row over two seasons.

San Francisco collected 18 hits and four of them were home runs — two by Orlando Cepeda, who drove in five runs. His first followed a grand-slam by Felipe Alou in the first inning and chased starter Dick Ellsworth (0-3) before he had retired a man. Matvey Alou, Felipe's kid brother, hit the other homer, his first in the majors, in the eighth.

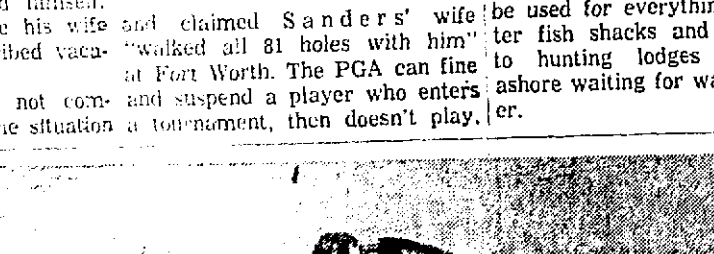

Southpaw Mike McCormick (4-1) was the winner.
